

Tom Noctor

I am a lifelong resident of the Lehigh Valley and a happy septuagenarian cruising through retirement. I benefited greatly from my parochial education including university in the sixties and seventies. My fifty plus year career was almost equally divided between construction, manufacturing, and sales. Since retirement I've kept active doing park maintenance, church meals and the Whitehall-Coplay Hunger Initiative food pantry. These activities are mainly motivated by my wife of nearly forty years Shari. I've been a friend and supporter of PSO for close to thirty years. And I am excited about Sinfonia's prospects for growth and innovation in the coming seasons.
